## SPECIALTIES

Whether it's wine, beer, spirits or food and wine pairings, Marianne will share her contagious passion and pleasure of tasting and learning while having fun.

An avid traveler, she also visited many European countries to explore their culinary culture, the people, the vineyards and their *terroirs*.

Curious by nature, Marianne loves discovering new things and trends. Beer and Scotch/Whiskey are two of them. She decided to travel to Scotland to learn more about Scotch, and then to the USA to explore the lovely world of Bourbons as well as craft beers. A beer lover, she makes sure she visits all the brewpubs and microbreweries where ever she goes.

*Looking forward in Hosting with you! Cheers!*
